**VOLUME VII: INDEX: DOCUMENTS, HEARINGS TRANSCRIPTS AND
OTHER SOURCES REFERENCED IN VOLUMES
II THROUGH VI—EXPLANATORY NOTES**

This index is intended for reference purposes only, to assist parties interested in appearing before the Restrictive Trade Practices Commission.

This volume consists of an index of documents, hearings transcripts and other sources referred in Volumes II through VI of the Statement of Evidence and Material. The index does not encompass Volume I since the material in Volume I is based upon either the contents of Volumes II through VI or upon sources that are referenced in Volume I itself. The index numbers for each entry correspond to the index numbers in the respective volume. The index reference numbers in Volumes II through VI should not be confused with the footnote references which are found on the bottom of the page on which each footnote appears.

The following example shows the information contained in each index reference for seized documents:

<i>Index Number</i>	<i>Descriptive Category In Index</i>	<i>Description</i>	<i>Explanatory Notes For Descriptive Categories</i>

There is one further type of reference requiring explanation. Imperial Oil Limited in response to an order for a return of information submitted what is referred to as their "Quebec Study" on gasoline marketing. For the purposes of identification the "Quebec Study" is designated in the index by the letters IGDS (Imperial Gasoline Dealer Study) and serial numbers for the relevant page, as shown in the following example:

<i>Index Number</i>	<i>Descriptive Category In Index</i>	<i>Description</i>	<i>Explanatory Notes For Descriptive Categories</i>

Volumes II through VI of the Statement of Evidence and Material, particularly Volume VI, *The Marketing of Gasoline*, are based in part upon evidence from inquiries other than the petroleum inquiry. The only distinction in the index between citations from these inquiries and the petroleum inquiry is the identification of these other inquiries following the serial number, as in the following example:

 Co. Imperial

 Doc. date: July 27, 1960
